Dear Stephanie,

Our [Bachelor of Arts](#) offers students a way to pursue their passion and their profession. Students can choose from an array of majors and minors from humanities, social sciences, business, health and science, keeping their career options open.

For current student Hannah, she wanted to be creative with what she was studying and complement her core expertise with her own interests. By studying a double degree in law and arts, she feels her skills are more flexible and adaptable.

If a student doesn't get the ATAR they need to make it into their dream course or don't meet the prerequisites – our guide will help you find the most suitable Plan B.

---

## How the new education pathways work

Our new [Diploma of Teacher Education](#) and [Associate Degree of Teacher Education](#) both provide a pathway into a La Trobe accredited teaching degree. Students will study alongside Bachelor degree students in the same subjects and have the added bonus of a Student Advisor to help them choose their subjects and navigate university.

**Either pathway course is appropriate for students who:**

- haven't met the entry requirements for the Bachelor of Education (Primary) or Bachelor of Education (Secondary), this could be ATAR or other conditions like prerequisites
- didn't complete the Casper test in time

**Students can preference both courses within their preference list for example:**

1. Bachelor of Education (Primary)
2. Diploma of Teacher Education
3. Associate Degree of Teacher Education
