

Hi there,

Applications are open for the Aspire Community Contribution program. We'd love to hear from your Year 12 students about how they've volunteered, displayed leadership, supported their family or engaged with their community. We'll be doing rolling offers again this year for uncapped courses, so students will know if they have a conditional offer by October or even sooner.

To apply for the Aspire Community Contribution program, students need to write two 100-word statements explaining their involvement and impact. We like to keep it simple, so they just need to tell us what they've done and how they've helped. Examples of Aspire students' contributions include:

- fundraising for charity
- coaching a sports team or volunteering at the club
- helping with care or nursing at home
- volunteering for an organisation and much more.

News at La Trobe

La Trobe excels in QS global subject rankings

Proving its dominance once again in sport-related subjects, the University rose nine places in the top 50 universities worldwide. Our health and science subjects also performed well, reflecting our strong investment in sport, allied health, exercise science and nursing.
